customized Wii Textures. You can now have more than 1 texture loaded in each background in case you wish to have a different background in your desktop. Use the Wii Textures software to place your desired Wii textures on your desktop. Then, you can personalize your desktop with your own preferred wii backgrounds! Place your desired Wii texture

in the desktop and then, set it as desktop background by right-clicking anywhere on the desktop and select Set as background. Even though the Wii textures are in the background, you still get to keep your computer and wii on the same screen.

Hernando de Soto
Hernando de Soto was a Spanish explorer, notable for discovering and beginning the exploration of the Lower

Mississippi River Valley. He is most known for his 1541 expedition of "La Florida" from Florida to Peru. Career

De Soto was born in Salamanca, Spain in 1496 or 1497. He was a descendant of Diego Hurtado de Mendoza, and a viceroy of the Indies. He and his brother, Hernando de Soto, were in the service of the queen Isabella II of Spain. He commanded a fleet of

ships with sails made in Spain and the United States, which explored the Gulf Coast of Florida in 1539. His brother Hernando de Soto led the expedition, which ultimately led to the discovery of the lower Mississippi River and Alabama. The expedition was set up by the Spanish crown to establish claims to

Unit's director, says that the lack of uniformity among the local agencies also makes it difficult for families to get the services that they need. In a news release, Howard said the problem is that "assessment is done in a vacuum at each agency." That means parents and children might start out at one agency, get a service and then move to a different agency. If the children are

placed in a different family environment, it might not be the right fit for that child.

Howard also said that the lack of a central data base makes it difficult for researchers, who are studying local needs, to do their work. An additional complication is that the system is not always working well. Several providers have gone out of business or changed services because of

the crisis in the child welfare system. The Child Welfare Unit's website includes information on numerous services. The unit works to make sure that cases of abuse and neglect are investigated and that children get the services they need.

NXIVM, The Cult Behind the Sexscandals, Claims the Law Cares About Sex Scandals (Palm Beach, FL) -- The

controversial group NXIVM, which controls the careers of young women and men who've been sex slaves for cult leader Keith Raniere and his cohorts, was able to purchase the home in which former DOS slave Brandon Jennings lived for four years, The Guardian reports. An insider told the newspaper that Jennings, who is now a consultant for NXIVM, was

“understandably upset.” He’s
