And there are a few other sites that are worth checking out too. I was introduced to Suits by a co-worker, and I've been a huge fan ever since. As much as I love Suits, I really wish they'd go back to calling it The Suite Life of Zack and Cody, though. It sounded so much better than the show they're calling themselves. But that's just me.Management of a ureteric perforation. A patient with a recent history of surgery and endoscopic retrograde cholangiopancreatography (ERCP) is described. Massive haemorrhage occurred following ERCP. At laparotomy the patient had an ureteric perforation. A review of the available literature is presented and the management of such injuries discussed. The reasons for delay in management are examined. The importance of a high level of clinical suspicion is stressed and it is felt that the patient should always be reviewed by an interventional radiologist.U.S. Supreme Court HARRIS v. MAULDIN et al. No. 60, Original. UNITED STATES e79caf774b
