In the city of Gravity Falls Mystery Island the odd and unusual seems to be the norm. Sheriff Stan Munchkin was placed at quarantine due to the strange events that happened. The citizen approached Sheriff Stan who gave medical assistance at his station and await for his transfer, which was later transferred to the station of Cap'n Video Game. As the pirate Captain Video Game turned up he heard the lady being attacked by a man with a sharp weapon. His arrival saved her from that vicious attack. Steve the girls stepfather knew that Captain Video Game is put at quarantine and having no contact with the people. Thus he made a phone call to Hugo Huckleberry who is the beau of Wendy. Hugo appeared at the station and on approach Steve liked him and introduced to Captain Video Game. Hugo kills the fake Steve and escapes witnessing them acting like real humans.

From jailbreak, the captain escape and enters in the city of Gravity Falls followed by the growing hatred for Humans. In space of various levels there is a pesky ghost wandering at Back to gravity falls, he is the man from a corridor, whose existence is responsible for the haunting there. As we are not aware of the entire thing, we believe that there are humans who are friendly but true to a ghost. As a ghost arrived at the beach and at night a ghost came in the blowing snow on a white horse. He was a capable ghost who aid in the complete conquest of the planet. As the captain escape at night, he encounters with the increasing hostility of humans. A ghost is stalked and spied on as he arrive at the city of gravity falls.

Reshaping Mars is a sandbox simulation indie game that takes you on a journey to colonize Mars. It's a game about colony life, where you start from scratch and will live in permanent technical struggle against a hostile planet. In order to establish a human settlement on Mars, you will need a base, a reactor and a med bay that you can construct. All construction materials can be gathered on Mars itself. You'll need them because life on Mars is difficult. Environment is harsh and Martian colonists have no equipment to work with. You will need to bring your own food and water. And a lot of it. Everything else will have to be crafted or found. Develop a base and expand it through colonization. Key Features: - Realistic Scenario - Realistic Scaling - Realistic Rotation - Dynamic Weather

System - Random Events - Realistic Space Colonization - Realistic Space Economy - Multiple Factions, Politics and Diplomacy - Resource Economy - Research - Construct Buildings - Robotos - Interact with Mars - Survive Mars - Explore Mars - Long-term plan - Resources - Construct Buildings - Robotos - Colonize Mars Download the free version to test how the game plays before making a purchase. Game is a short exploration/adventure game set in a pseudo colony in the deep frozen tundra of Mars. Build your Colony of Mars! In this free simulation game you will first have to find resources and colonists on a (sometimes) hostile environment to build your colony. Once your base is ready you can start building houses, a hospital and a quarry. Your base will provide you with food and shelter. You can build anything you need to live on Mars. You can even build rockets to send your colonists to the space - to do science or even to escape a bad base design. Game features: One Game, 4 Modules, 10 Different Earth Scenarios, 8 different Martian Scenarios, 19 different Mission Types, and 2 Playing Modes: FREE DEMO Version and REAL DEAL Version. If you like the game you can buy the full version on mobile devices and desktop computers.
