I loved the Game Boy classic masterpiece so I knew I would love this one. And I'm a fan of retro games in general! I picked it up on my iphone and was overwhelmed with how much I loved this game. I haven't played it on the big screen so if you've got a controller handy, I highly recommend it. It's easy to play and tons of fun! DM , 06/07/2013 Best game ever! Zero-K is an immersive VR Sci-Fi experience set in a beautifully realized, open world environment. It's a persistent, evolving sandbox. It's a seamless blending of exploration and combat set in a massive world filled with things to discover. It's a forward thinking, seamless, fully integrated experience. Zero-K has been designed to be a one of a kind gaming experience. Join us! Key Features: ● Innovative combat gameplay: Use a fast-firing rocket launcher to grab objects and points in combat. ● Explore an expansive zero-gravity environment. ● Interact with dozens of objects and discover their use in combat and exploration. ● Use the environment to your advantage. There are no health bars or easy enemies. ● Perform amazing feats of acrobatics and agility. ● Fly, spin and flip through the zero gravity environment. ● Use your shield to absorb damage and create the potential for deadly attacks. ● Customize your gear by planting built-in shields or items you discover. ● Play the final chapter as the male protagonist or support character, Stitch. ● System Requirements: - Oculus Rift DK2 - Oculus Rift CV1 - Zero-K works on: - Windows 7 64bit and Windows 10 64bit - Minimum specifications: Windows 7 32bit, Windows 10 32bit - 1080p, minimum hardware requirements listed above. - Oculus Rift DK2 requires Windows 10. If you're running Windows 7, you can still play, but you'll be seeing the game without the headset. Zero-K is built for VR. You can experience the game on standard monitors as well, but we recommend playing using a headset and three-sensor setup for best immersion. The recommended minimum specs listed above are consistent with Oculus DK2 recommendations, but keep in mind that not all DK2 setups are equivalent. For example, if you do not have a compatible graphics card, or are using one that may not be powerful enough to run the game, you may not experience the quality of a DK2 installation on a traditional screen. Zero-K is a brand-new game, released by an independent, new studio. If you experience any issues with the c9d1549cdd

What's new in CasterLords:

(Digital Product) Bourbon Empire will be a digital release and will most likely be coming out sometime in 2019. I will of course try to keep you updated on it. Ignited Rebellion Updates Alpha Colony Updates "A species race for fun. A game of space drama and political intrigue. It's a colony sim that lets you participate in three political factions, colonize an exotic martian terrain, and roll the dice to determine your campaign's future. Ethical player choices really matter. New schemes for covert conflict. Multiple difficulty levels. A legacy system. New diplomacy and manipulation mechanics. A set of dramatic missions that deliver each faction's unique perspective on the colony. Non-traditional diplomacy. New impressments, contracts, and handouts. The Rogue moon. A hidden faction for bragging rights. Two-hour missions that force players to start over. Daily events. Research and diplomacy benefits. Stolen discoveries, lost relics. These are all details we've carefully woven into the setting, mechanics, and game systems. With millions of lines of code to tell a story of thrilling struggle between political factions for control of a faction-specific colony, we're sure the player's going to enjoy the ride." Welcome to the Alpha Colony (Immersive Beta) The Alpha Colony will be a mix of the Alpha Colony and Ignited Rebellion. There will be three plans to choose from to get you either partially through or fully through the game. Here is a teaser with the first episode of a series for the Alpha Colony called: "If you want to colonize Mars, you have to ante up. Every idea, vote, and newbie - every choice, coin flip, and mistake - could change the game forever. It's all up for grabs in the first episode of a new interplanetary series, Alpha Colony: Ignited Rebellion!" Check out their site later this week or sign up on the following website The Alpha Colony will be a Live Project and Epic Space Sim/Faction based. Dead of Winter/Oxus Oxus (Epic Space Sim) XSeason 1 - 44 Minutes ?Features Explore Oxus' deep, treacherous underground.

The world is in danger! The amulet that maintains the harmony of life has been stolen and the only hope are the Matcha Warriors. Matcha Warriors is an action platform game with roguelike elements, where the player crosses the most varied environments fighting against monsters, barbarians and supernatural entities. To beat them you need to build your equipment, learn magical skills and choose the best items to face different situations. With fast fighting and unique mechanics, the player will have to use strategy and skill so that at least one warrior reaches the end and recovers the amulet. Features: Learn powerful skills such as Fireballs, Magic Barriers, Rays of light and use them against the enemies. Collect materials to craft armors, weapons and shields. Enhance your equipment with elemental orbs. Stage selection changes at each run enhancing the replayability. All levels have random elements such as enemies groups, traps, items and scenery variations. For each run there is a limited number of warriors. If you die, the next warrior can use the items left behind. Even if you can't make it through, your legacy will serve to ease the path of other Matcha Warriors.
