VSO ConvertXtoDVD 7.0.0.69 Crack Serial Key Full Version is an application to change and burn your videos to DVD. All in one change and burning.

Q: Only display images with a particular size I have a gallery made out of images, and I only want to display the images with dimensions bigger than, let's say, 500x500px. I tried that using this in the rules file: {if asset.width} {if:elseif Asset.width == 500} {if asset.height} {asset.width} {asset.height} {/if} {/if} {/if} It should have the same format for both width and height. The problem is, it only works for the width, not the height: Do you know why? A: Your logic is correct. The catch is your use of Asset.width instead of asset.width. You could add this to your loop, which first checks the dimension of the image, and then resizes it if it's less than 500px. {for "_image" in images} {asset.width} {asset.height} {if asset.width > 500} {/if} {
