The entire compilation took about 40 hours..Stella Jane Alexander (born January 12, 1970) is an Australian-born American actress and singer who began her career as a child and teenage model in Australia and New Zealand. She

began appearing in Australian television series in the early 1990s, and went on to appear in various feature films and television shows in both her native Australia and in North America. Born in Caringbah, Australia, Alexander began her career modeling for magazines in New Zealand, and later moved to Melbourne to pursue her career. While modeling, she met and befriended Danny Masterson, who soon became her boyfriend. Alexander turned down an offer to star in a national Australian soap opera, saying the roles were "very silly" and too similar to models and actresses. Although she continued modeling, she guit in 1994 after she had a failed audition for a television role. In 1995, she appeared in two Australian films, The Man Who Loved Seagulls, and Gorillas in the Mist. She subsequently moved to the United States and appeared in the shortlived television series Absolutely Fabulous. Alexander then made her first appearance on the American c6a93da74d
