Crusader Kings 2 Waiting For Server Id

Crusader Kings II > Provide discussion > Detailed topic. join the hosted game via an id connection (the host should provide you with a server id) and everything will work. :). How to do it: - Click on the game shortcut in the menu (or desktop shortcut if you don't want to launch it from the menu). The game window will appear. - Now click on the server connection icon at the bottom of the window. - Now enter your username and password at the bottom of the window (the username must be the name you use in the game). - Now enter your password again at the bottom of the window and then click OK to confirm the details. - Now click on the server tab at the bottom of the window.

I tried to play CK2 with my friend and even bought a game for him. However, every time I try to run it, I only get "Waiting". #2 February 2019 - Try deleting the Documents/paradox/ck2/gfx/ folder and let the game recreate it. Click to expand. I did this when I deleted all the files. mod. However, the problem remained. I think the game has a .mod file issue that prevents me from updating the CK2 version. #February 13, 2019 - I would suggest that you reinstall CK2 and copy the files from the Documents/paradox/ck2/gfx/ folder and paste them into the Documents/Paradox/CK2/gfx folder. It's a problem with the .mod file, so reinstalling won't help, you'd be better off if you delete the GFX folder and copy it over

again. I've also tried everything I could. dd2bc28256
