The action takes place in the alleys of Mumbai. The story introduces us to the four members of the band, including Taraat, who plays the banjo. The story began with the fact that Taraat, being a student, met a girl named Sarah, about whom he began to dream strongly. After the first meeting, he invited her to meet, but she replied that this was not possible. Taraat did not despair when one evening he met her in a circle of friends and invited her to meet. She agreed, but said that he must perform one service. He agreed and started doing what Sarah asked him to do, not suspecting what could happen next. dd2bc28256
