Windows 8 product key viewer 1.4.7d download Thank you for your reply. But the -HQTb3 key is blocked and not accepted for activation. =====

=====## #14 October 2557 BC - If you have lost or forgotten where you kept your Windows product key, I have a solution for you. Today we will see how a simple VBS script works. First, let's understand VBS a bit. VBS stands for Visual Basic Scripting for Windows. To work with VBS, the Visual Basic programming environment is used. But unlike VBScript, VBS uses .vbs files. We will create one of the simplest VBS scripts that will check the version of Windows and if it finds that it is outdated, it will automatically download and install a newer version. But first, we need the script itself.
